Variety Bash Visit to Gascoyne Junction Remote Community School.

PROUDLY PUBLISHED AND PRINTED BY

Dear Readers

Welcome to the August edition of the Gassy Gossip.

As you would be aware our CEO John McCleary has been dealing with some serious health issues and this has now required him to take a period of leave to receive the necessary treatment and testing as he continues the fight back to full health. I am sure you join with Council and all the staff in wishing John all the very best.

**As a way of introduction my name is Ian Fitzgerald and in John's absence Council has appointed me as their Acting CEO.** I have been here for nearly 2 weeks now and have a really thorough handover from John and I will endeavour **to continue on his good work and keep things ticking over until he returns. I have over 30 years' experience in local government** the majority in the CEO role at shires including Ravensthorpe, Sandstone and Mingenew. Unfortunately due to a prior commitment I will be away for 3 weeks from the middle of September back the 7<sup>th</sup> October with Jarrod Walker to be Acting CEO in my absence.

I am looking forward to my stay in Gascoyne Junction and working with Council and the staff to continue to deliver services and facilities to the community and meeting many of the residents.

It is very pleasing to advise that Gascoyne Junction has been announced as a finalist in the General Appearance category of the Tidy Towns Awards for 2019.

Councillors Caunt, McKeough and CEO John McCleary attended the WALGA Local Government convention in Perth where it was great to see Councillor Alys McKeough take centre stage to receive her Diploma in Local Government, this is a great achievement for her personally and for our Shire.

We continue to work on preparing various grant applications for submission including for the airstrip reseal, the RED grant for installation of solar power at the Tourist Park, and Building Better Regions Fund for redevelopment of the old caravan park site.

We have now signed off on WANDRRA # 4 for a total of \$11.1M; this is slightly down on our original estimate due to some revision requested by Ernie Reynolds from Main Roads.

Robbro and Red Dust have now completed their works with WANDRRA # 2 with only Quadrio left to complete their contracted works. Once Quadrio have completed this they will move onto WANDRRA # 3 works. We are currently calling tenders for the works and project management for WANDRRA # 4 which was recently approved - \$11.1million.

We have been advised that we are eligible to apply for asset working capital which will give a 20% advance payment for both WANDRRA 3 and 4 which will assist greatly with our cash flow.

As you are all aware Council elections are fast approaching with nominations opening on September 5<sup>th</sup> and closing Thursday 12<sup>th</sup> September. If anyone wants more information please contact Amanda Leighton at the shire office – Amanda is our appointed Returning Officer for this election.

Councillor Ross Collins has advised that he will not be seeking to re-nominate for the upcoming Council Elections.

The new CAT multi tyred roller arrived on the 14<sup>th</sup> August and was put straight to work. The new machine was welcomed by the crew and will prove to be an important asset to the team. The new Ford Ranger space cab has also made an appearance and managed to make the trip from Perth unscathed with John McCleary as the pilot. The new grader is still on track to arrive at the end of October.

Work is well under way on the bitumen project 30km's east of town. To date we have reconstructed 6kms of existing subgrade and began carting in the new base course. Polycom will be onsite to assist in the application of the stabilising additive and we will begin laying in the base course pavement. We are planning for the bitumen to be applied in mid-October. Once the seal is complete we will tidy up the batters and drains and remove the detour.

As a newby in town I would like to pass on my congratulations to the Junction Race Club for a very successful event – it was an eye opener to just what a small community can achieve.

SHIRE OF UPPER GASCOYNE  
PUBLIC NOTICE  
PAYMENT TO AN EMPLOYEE

As required by section 5.50(2) of the Local Government Act 1995 and Council Policy 2.2 notice is hereby given of Councils intention to make an over- award/contract payment of \$2,000 to CEO John McCleary in recognition of his service to the Shire of Upper Gascoyne and the community overall.

## PRINCIPAL'S POST

Good morning Readers,  
I write this post from the Western Australian Primary Principals' Association Conference in Perth.

Our students have been engaged in learning opportunities that have resulted in collaboration between different services in Junction.

**Our very first, "Cooking with Omo" kicked off on Thursday** last week with students touring the kitchen area and having an induction about the wonderful world of hospitality.

On Friday students made their way to the road house to assemble fruit kebabs. Health and safety was paramount. Students lathered hands with antibacterial gel and were keen to begin. The goal was to pay particular attention to colour and texture to tempt the taste buds of the most discerning critics.

Professor Peter Austin visited Gascoyne Junction on Sunday 18<sup>th</sup> August.

The language project was a successful day, with people travelling from Perth, South Hedland and Carnarvon. We got a good idea of what people would like to see put in place for the future of the languages of the Gascoyne region.

Hopefully before the end of the year the Yingarrda dictionary will be available in its revised form.

Professor Peter Austin also visited the School on Monday and shared the ins and outs of publishing with students.

This followed with a book week cameo - The reading from renowned authors.

Students prepared, wrote illustrated and participated in a pseudo publishing process and reading to celebrate Australian authors.

Most students and staff joined the fun with characters represented such as Rama-An Indonesian Prince, Mrs Wishy Washy, Calamity Jane, Snow white, a Princess, The Dinosaur, Red Riding Hood, Malfoy from Harry Potter, and The Man from Snowy River.

## PRINCIPAL'S POST

Staff students and Parents met at the CRC at 10:30 for the official launching of newly published books from Gascoyne Junctions very own residents.

The students read confidently and clearly. Younger members of the school explained their stories and illustrations in some detail or were allocated a helper to assist with the somewhat frightening task of public speaking.

I was very proud of the children and the effort they put into the morning activity.

We plan to have more launches with students reading different types of prose for a variety of audiences.

## ROOM 1

Students for the HASS learning area are being provided with opportunities to experience other cultures. **Kenny (Juanita's mother), came to school on Thursday afternoon** and gave an informative talk about her African heritage. Kenny comes from Nigeria and came to school dressed in her traditional costume. She talked to the students about the size of Nigeria (it has a population of over 200 million people), the country's flag, the significance of the colours on the flag, the coat of arms and its motto, the state she comes from (Lagos), schooling, how children spend their pastime, the languages of Nigeria, when traditional costumes are worn and more. Several of the older students had interesting questions to ask Kenny. Students were given a verbal quiz to conclude the discussion.

Kenny had earlier prepared a traditional African rice dish which she brought for students and staff to share. The dish was thoroughly enjoyed by all. Kenny also brought along samples of palm oil, dried, crushed crayfish and a green leaf vegetable for all to taste. Students and staff acknowledge and thank Kenny for her willingness, time and effort put into sharing her heritage with us all at Gascoyne Junction RCS. Next week, Mr. Pete will be sharing his Polish heritage with students and cooking a **traditional Polish dish with them. Blanche Walker's mother (Dustin and Bridie's Nonna) will be contacted and invited to come and share her Italian heritage with students and cook a traditional Italian food which will be frozen for Multicultural Day on Friday, 6th September. Keep the date free.**

## Mathematics

Students are investigating the relationships between multiplication, division, addition and subtraction using **arrays on grid paper. It's easy solving 12 divided by 4** using an array. How would you solve 12 divided by 5? We are encouraging our students to contemplate their responses and not just focus on the correct answer. Here are some mathematicians solving their own problems using arrays.

## VIRTUAL REALITY

Recently our school purchased a dedicated VR computer system. This enables our students to visualise experiences from all over the world including outer space. We found out we had some really, really big kids at school.

## STAFF in pursuit of excellence

For the past two weeks our Staff has been congregating in the resource room for a KANBAN/Scrum meeting at 8.00am every morning. Every morning the scrum is led by a different staff member with a view to delivering and pursuing excellence for and from our students

The main goal of the daily Scrum stand up meeting, is tracking whether the team is able to execute all the iterations, or as early as possible identify the reasons why they cannot be executed. A stand up in Scrum is people-oriented. During the short stand up meeting, team members share their results of the previous day **and the current tasks' statuses, giving the team a** promise to do specific tasks this day. If there are any problems, they are also shared.

The goal of daily Kanban is minimizing the time spent on the tasks at all its stages. Kanban meetings are not required but they can really influence the processes. The meeting is focused on a specific board and identifies the bottlenecks. Leadership then assists with smooth transition to completion.

## Independent advice you can trust

RFCS WA is an independent, not-for-profit community organisation. We don't sell anything. We don't charge fees. We don't get commissions. We are funded by the WA and Federal Governments, so we can be totally focused on the needs of small and family businesses in rural WA.

### No gurus

We're not going to tell you what to do. You know more about your farm or business than we ever will.

But we do know a bit about:

- ▲ Business finances, especially debt.
- ▲ Dealing with banks and other creditors.
- ▲ People working out their best options.
- ▲ Creating solutions when nothing seems possible.
- ▲ Reducing stress so you can see clearly and regain control.

### Results

The best result is meeting your most important goals. Whether it's financial recovery, succession or exit.

What we can tell you, based on experience, is that people who work with us end up less stressed and happier with their life. It's true.

## Not making it up as we go...

When we work with you, we'll be working through a proven process.

Our process maps your individual situation against a business planning framework that helps you re-evaluate your business position, reviewing, for example:

- ▲ Assets and liabilities.
- ▲ Production areas.
- ▲ Cash flow.
- ▲ Trends from recent years.
- ▲ Aspirations of the people in the business.
- ▲ Skills and capacity in the business.
- ▲ How the business has been performing and where it could go in the future.
- ▲ Your values and goals and where you want to go.

## What we do

You'll be dealing with a qualified professional who has practical experience in running rural businesses. They'll be hands-on, focusing on financial issues, to help you regain focus, get back in control and plan a better future.

### We can work with you to:

- ▲ Identify your financial and business options.
- ▲ Develop a practical business plan.
- ▲ Negotiate with lenders.
- ▲ Tap into assistance schemes.
- ▲ Get the results you need from accountants, consultants, education and other professionals.
- ▲ Review your business, finances, lifestyle and future options.
- ▲ Understand what you want for your business, your family and yourself.

### What's the catch?

There's no catch, but you do have to take action – don't put it off until it's too late.

## Pressure Cooker Burgundy Beef

### Directions

1. Combine the first 12 ingredients in a 6-qt. electric pressure cooker. Lock lid; close pressure-release valve. Adjust to pressure-cook on high for 20 minutes. Let pressure release naturally for 10 minutes; quick-release any remaining pressure. Press cancel.

2. Combine corn starch and water until smooth; stir into pressure cooker. Select saute setting and adjust for low heat. Simmer, stirring constantly, until thickened, 1-2 minutes. Serve with noodles. Freeze option: Place beef in freezer containers; top with sauce. Cool and freeze. To use, partially thaw in refrigerator overnight. Heat through in a covered saucepan, stirring gently and adding a little water if necessary.

Cut about 4cm of the thick vein from each cabbage leaf. Place 1 leaf on a flat surface. Spoon 2 heaped tablespoons of mince mixture along the base of leaf. Roll up cabbage leaf, folding in sides, to enclose filling. Repeat with remaining leaves and filling.

Heat oil in a large, deep frying pan over medium-high heat (see notes). Place cabbage rolls in pan, in a single layer. Cook for 2 minutes. Pour over combined tomato purée, 1/3 cup cold water and basil. Bring to a simmer. Reduce heat to low. Cover. Simmer for 45 minutes or until mince is cooked through and rice is tender.
