Ordinary Council Meeting Dates

Tuesday 10th February
Wednesday 25th March
Wednesday 22nd April
Saturday 23rd May
Monday 29th June
Wednesday 29th July
Wednesday 26th August
Wednesday 23rd September
Wednesday 28th October
Wednesday 25th November
Wednesday 16th December

Council meetings commence at 8:30am in the Shire Council Chambers located at 4 Scott Street, Gascoyne Junction.

All ratepayers and residents are welcome to attend the council meetings and participate in the Public Question Time session which is held at the beginning of each Council Meeting.

COUNCIL NEWS

Chief Executive Officer

First and foremost, at the time of writing the election outcome for the two vacancies are unknown. However, the community will make that decision, and I am sure that any of the four candidates will make fantastic Councillors.

Movement is once again happening with our Indigenous Land Use Agreement for the Residential and Waste Site Land. Our Lawyer, Stuart House, is preparing the ILUA in its statutory format for submission to the Yinggarda's Lawyers and the DPLH. With Stewart leading the charge we anticipate that we will hasten the process.

The Local Government Amendment (Rating of Certain Mining Licences) Bill 2025 has passed the Upper House and looks set to be passed into Law. After reading the Hansard there is still a lot of uncertainty as to whether we can levy a rate on a mining camp if the Government Policy has been undertaken. I have sought clarification from the Department of Local Government. At the time of writing, I have not received an answer to my question. This has a direct correlation on our ability to rate mining camps and is significant in the terms of raising rate revenue.

Our review of the Town Planning Strategy is nearing completion and is currently with the Department of Planning, Lands and Heritage to ensure it meets the statutory compliance requirements and then will be released to us as a draft document, at which time I will send it out to all Councillors.

We are moving ahead with another extra ordinary council election to replace Will Baston, who tendered his resignation at the May Council Meetings. Unfortunately, we were unable to leverage off the current election. It appears that this election will be held in September 2026.

The Hot Springs project is still quietly bubbling away. The GDC are looking to appoint a contractor to look at the design and engineering of the project.

A significant amount of work is going on with the 26/27 budget. At this stage we have completed in draft the capital side of the budget. We are then moving onto the operational income and expenditure side of the budget.

We have appointed Adam Watkins to the position as the Town Maintenance Supervisor. Adam comes from the Shire of Shark Bay and currently works in a similar role to this. Further interviews are being undertaken for a .

Maintenance Grader Operator and Plant / Serviceman. Pods has finished up his employment with the Shire, Pod's was with us for 3 years. We all wish Pod's and Brooke all the very best for their futures

Executive Manager of Finance and Administration

With the end of the financial year now in sight and a new year on our doorstep, the team has been working diligently to prepare the proposed budget for 2026/27.

This is one of our busiest periods, as we complete all year-end processes and finalise accounts to ensure we have a sound financial foundation on which to build the new budget. Careful planning and accurate reporting at this stage are essential to supporting our priorities and objectives for the year ahead.

I appreciate the efforts of everyone involved and am confident that, through continued collaboration and attention to detail, we will achieve a smooth and successful transition into the new financial year.

CRC

Paul and Amelia are settling into their roles at the CRC. The new workpods have been well received and patronised by residents which is wonderful to see. They are already making a difference in how we deliver 1:1 digital support to locals providing a quiet and private space. Digital Literacy has been the theme for the month, with work starting on the CRC Champions program and also being involved in a discussion panel about the challenges of digital literacy in remote areas of Western Australia. The project plan for the CRC for the 2026-2027 year is currently being submitted. This is the last year it will be done in this format, with a new funding agreement being in place for the 2027-2028 financial year.

Community

On the back of receiving the Community Garden Grant, a meeting was held in early June, and a set of dates to begin work on cleaning up the Community Garden commenced.

In February, the Shire submitted a grant submission for the Saluting Their Service Grant to establish a digital honour board at the Gascoyne Junction War Memorial. Last week, we received word that we were successful in obtaining this grant. Work has commenced on this project with installation projected for October – with an official opening to be in conjunction with Remembrance Day.

Over the past month, advocating for health services for the Shire has been at the forefront. Meetings have been held as a part of DHAC, with the new Gascoyne Operations Manager and an invitation was extended to participate in a statewide study on the challenges of health in remote areas. Our GP Clinics continue to be well attended, but due to staff shortages only one nursing clinic has been held this year. Lack of staff has also seen a delay in this years optometry clinic from July to now potentially in September or October.

Tourism

The Under Gascoyne Skies Festival was well received, with over 40 people enjoying stargazing on the first night with the Shire telescope. More enjoyed line dancing under the stars at the Junction Pub & Tourist Park. On Saturday night, 200 people enjoyed live music at the Town Amphitheatre with Proud Mary and Andrew Winton. Celebrating and sharing life Under Gascoyne Skies will continue to grow and be built upon in years to come. The WA Tourism Conference was held in Carnarvon in late May and was a wonderful opportunity to

discuss the current trends in tourism with colleagues from across the State. The most beneficial part of the conference was the specific Visitor Information Centre sessions, where discussions were held over the dramatic decrease of visitor numbers across the state, with some centres reporting a downturn of 90% based on April -May in previous years. We are faring a little better than this, but the impact of the fuel crisis and the cost of living is having an effect on visitor confidence. Data has also been established that WA is bucking the national trend. Whilst other states have the cost of fuel being the main deterrent for visitors in WA it is fuel scarcity, and the fear of being stranded with no access to fuel. Visitor numbers are increasing during June and will continue to be monitored.

Another noted trend is that visitors are changing how they plan trips, and are not planning as far out with shorter lead times. An online marketing campaign targeted at is visitors who are within two weeks of visiting our area is being established and ready for launch.

A successful visit with Julia D'Orazio, a travel journalist, at the beginning of June has already seen impact on social media, and there are upcoming articles due for publication. Julia hiked trails at Kennedy Range and Mt Augustus. This trip also gave Paul, our new CRC CSO an experience of the tourism product in our Shire. In late June, three staff members from the Carnarvon Visitor Centre and Amelia from our CRC went on a visit to Kennedy Range and Mt Augustus to give them first hand knowledge of our roads, accommodation and attractions and to be advocates for our Shire

After collaboration and onsite visits in late February, the GDC has sent out RFQs for the Hot Springs Project after being delayed due to delays caused by Cyclone Narelle on work schedules. The project is to deliver a Concept Design & Visualisation package for the proposed Upper Gascoyne Hot Spring. The package will be developed to a level that supports further design, engineering, and cost planning, while engaging stakeholders to share the project vision and build their support for the project.

With the successful grant submission for the Saluting our Service Grant, a secondary project through the same company to install a Visitor Centre Digital Hub has also commenced. To be situated outside the Visitor Centre, it will be provide up to date visitor information outside of operating hours. Freight, travel, installation and training costs are shared between the projects. This project will also be on the same completion timeline as the digital war memorial in October. This project in conjunction with the digital marketing campaign currently in development will enable the Visit Upper Gascoyne brand to be reaching our visitors at all stages of the tourism buying cycle from dreaming and planning, to welcoming them to our region and collecting data and feedback. This is an exciting base from which to continue our work in raising our destination awareness in our key target markets.

Executive Manager of Works and Services

It's been a wet few months which has been fantastic for the area. With rain comes road closures and minor damages to our road networks, the team has been working together to prevent any vehicle damage on closed roads. We thank the community for assisting with this, everyone has been playing their part in ensuring we keep our roads to a good standard. The maintenance crew has been a bit light on recently, with one of the maintenance grader roles being vacant for some time. However, Jeff has been out and about conducting maintenance grading, he has done a fantastic job flying solo. We have been having a hard time finding the right candidate to fill the vacant maintenance grader role, we are hoping to remedy this in the coming weeks and get back to a full maintenance crew.

Our road construction crew has been battling away on the Landor - Meekatharra Road resheeting project, tropical cyclone Narelle and recent rain events have caused delays. We are hoping to wrap this project up soon. Dameon and the crew have been doing an amazing job. Unfortunately, we say goodbye to one of the road construction team, Jamie Podmore. He has been a reliable part of the crew for the past few years; however Jamie has taken a more family friendly role in Carnarvon. We would like to thank him for his commitment to the Shire, and wish him all the best in the future.

As the financial year comes to an end, many projects are being wrapped up. This includes the Landor realignment, The Pink Hills culverts, and the Pells crossing replacement project. These have come up fantastic, they are all part of future proofing our road network. The quality of work produced by our contractors is top notch, its clear they all take pride in their work, we would like to thank them all.

ELECTION RESULTS

Congratulations to Our Newly Elected Councillors!

The Shire of Upper Gascoyne warmly congratulates our newly elected Councillors following the recent Local Government Election.

Elected Councillors:

- Teresa Tubby – Term ending October 2027
- David Hammarquist – Term ending October 2029

We thank all candidates who nominated for election and extend our appreciation to everyone in the community who participated in the voting process. Your involvement helps ensure local decision-making reflects the diverse views and aspirations of our community.

We look forward to working with our newly elected Councillors as we continue to support and strengthen the future of the Upper Gascoyne.

NEW COUNCILLORS

The Shire of Upper Gascoyne officially welcomed a new chapter for Council, with the successful candidates from the June Extraordinary Local Government Election sworn in today Monday, 29 June 2026.

The swearing-in ceremony, conducted by CEO John McCleary JP in the Shire of Upper Gascoyne Council Chambers, saw the newly elected Councillors Teresa Tubby and David Hammarquist make their declaration of office, committing to serve the Upper Gascoyne community with integrity, accountability and dedication.

We congratulate Teresa and David on their election and thank them for their commitment to our community.

We look forward to working together and wish the new Council every success for a productive and rewarding term.

Congratulations and welcome!

SHIRE OF UPPER GASCOYNE – LANDOR MT AUGUSTUS RD UPGRADE 2025-26
MONTHLY PROGRESS REPORT – June 2026

Head Contractor	THEM Earthmoving	Start Date	21 November 2025
Concrete Work Contractor “Nominated Subcontractor”	Exmouth Civil	Practical Completion Date	30 June 2026
Project Overview			
The 2025-26 Landor Mt Augustus upgrade project will upgrade various segments of the Landor Mt Augustus Rd. The project is fully funded via a combination of Main Roads WA State Initiative Program (SIP) funds and Remote Access Roads (RAR) funding. Specifically, the work comprises: <u>Landor Bypass</u> • Upgrade of approx. 6.6km of the Landor Mt Augustus Rd (Slk 1.4 – Slk 8.0) from gravel to seal • Construction of a new 10m wide concrete floodway over the Gascoyne River • Construction of a new 10m wide concrete floodway over the Aurilla Creek • Construction of three new cement stabilised floodways (south of the Gascoyne River crossing) • Upgrade of the Landor Mt Augustus Rd / Landor Mt Clere Rd intersection • Construction of two new intersections for the private Landor Homestead Access Rd (original Landor Mt Augustus Rd) • New 12m wide stock grid <u>Pink Hills Culvert Upgrades</u> • Construction of new 3 x 1200x600 box culvert structure (Slk 65.4) • Construction of new 3 x 1200x450 box culvert structure (Slk 65.9) • Construction of new 6 x 1200x750 box culvert structure (Slk 79.1) • Reforming and resheeting of the unsealed carriageway in each location THEM Earthmoving is the Head Contractor responsible for all work. Exmouth Civil is the “Nominated Subcontractor” who will complete all concrete and culvert works.			

Works this period – June 2026	Works next period – July 2026
General	
- Ongoing material production - Ongoing work site tidy up around completed work areas	Clean up work site and demobilise
Work Area 1 (north of Mt Clere Rd intersection)	
- Complete embankment construction and subgrade preparation - Progressed the majority of the remaining pavement construction	Seal remaining approx. 3.5km of prepared pavement
Work Area 2 (south of Mt Clere Rd intersection)	
Pavement and seal complete from southern start of works to Gascoyne River concrete floodway	Seal remaining approx. 1.5km of prepared pavement
Work Area 3 (Landor homestead driveways)	
Commence and complete embankment construction and subgrade preparation	Complete remaining pavement construction
Work Area 4 (Mt Clere Rd intersection)	
Final trim pavement surface and tidy batters and backslopes	Work complete, minor tidy up
Work Area 5 (Gascoyne River floodway)	
Works complete	
Work Area 6 (Aurilla Creek floodway)	
Works complete	
Work Area 7 (1st Culvert Structure Pink Hills)	
Culvert structure, headwalls and rock protection complete and backfilled	Commence and complete gravel sheeting over culvert structure
Work Area 8 (2nd Culvert Structure Pink Hills)	
Culvert structure, headwalls and rock protection complete and backfilled	Commence and complete gravel sheeting over culvert structure
Work Area 7 (3rd Culvert Structure Pink Hills)	
Culvert structure, headwalls and rock protection complete and backfilled	Commence and complete gravel sheeting over culvert structure

SHIRE OF UPPER GASCOYNE – CARNARVON MULLEWA RD UPGRADE 2025-26
MONTHLY PROGRESS REPORT – JUNE 2026

Earthworks Contractor	Dean Contracting	Start Date	17 September 2025
Sealing Contractor	Colas	Practical Completion Date (Dean)	Portion A (Actual): 9 December 2025
			Portion B: 31 May 2026
Project Overview			
The 2025-26 Carnarvon Mullewa Rd upgrade project will improve approximately 11.6 km of road by upgrading from gravel to sealed standard. The works are divided into two sections: • Slk 88.30-94.17 – Western section between Pells Crossing and Daurie Creek. • Slk 116.00-121.60 – Eastern section from Dairy Creek westward towards Congo Creek, including the Cobra Dairy Creek Rd intersection. The project is funded via the State Initiative Program. Dean Contracting is carrying out earthworks and pavement construction under RFT09 24.25. Colas is undertaking the spray seal works under RFQ02 25-26.			
Works this period – June 2026			
An additional 1.6km of road was constructed with surplus funds from the program.			
Earthworks and pavements have been completed in June, and sealing is scheduled for the end of June 2026.			

Progress Breakdown							
Carnarvon Mullewa Rd Upgrade 2025-26	Clearing	Embankment & Subgrade	Basecourse	Stabilised Floodways	Signs Delineators Grids	Sealing	Overall

Additional 1.6km	100%	100%	100%	-	100%	-	90%

**SHIRE OF UPPER GASCOYNE – CARNARVON MULLEWA RD UPGRADE 2025-26 – PELL'S CROSSING
 MONTHLY PROGRESS REPORT – JUNE 2026**

Earthworks Contractor	Dean Contracting	Start Date	5 May 2026
Sealing Contractor	Colas	Practical Completion Date (Dean)	31 May 2026
Project Overview			
The 2025-26 Carnarvon Mullewa Rd upgrade project involves upgrading approximately 2.84 km of road from gravel to sealed standard, between Slk 84.05 – 86.89, including the Pell's Crossing concrete floodway. The work scope includes: • Bulk earthworks, embankment construction & subgrade preparation • Pavement construction & roadside drainage works • Construction of three sections of cement-stabilised floodways • Installation of four culvert structures • Demolition of the existing concrete slab across Pell's Creek • Construction of a new concrete slab across Pell's Creek including rock protection • Renewal of existing offshoot drains and construction of new drainage • Reinstallation of existing signage • Installation of additional signage & delineators The project is funded via the State Initiative Program. Dean Contracting is delivering the earthworks and pavement construction under RFT06 2025-26. Colas is responsible for the spray seal works under RFQ04 25-26.			
Works this period – June 2026			
• Completed all works including pavements and sealing • Contractor has demobilised

Shire of Upper Gascoyne

Public Notice

Change of July Ordinary Council Meeting Date

NOTICE - ORDINARY COUNCIL MEETING
Local Government Act 1995 Section 5.25(1) (g)

At the June Ordinary Council Meeting held on 29/06/2026
Council resolved to change the July Ordinary Council
Meeting date.

The July Ordinary Meeting will now be held on 29th July
2026 at 10:30am at the Shire Council Office 4 Scott Street,
Gascoyne Junction.

John McCleary
Chief Executive Officer
30/06/2026

For enquiries, please call the Shire office on (08) 9943 0988

Community Garden Reinvigoration Program

What a difference a month makes. Thanks to our incredible team of volunteers who have jumped in and got their hands dirty to clean up the existing garden beds. It takes a village, and our village has shown up. Working bees are being held on Tuesday and Wednesday afternoons from 4.30pm to 6pm.

Composting Bins have also been set up, and we welcome community members to share your compost waste with us.

Before

After

New Signs

A new colourful addition to the Gascoyne Junction Pub & Tourist Park was installed last week. The signs are eyecatching and in keeping with the facilities branding to help visitors to our town to locate this important part of our community.

Gregory Street Pathways Repairs

The Gregory Street footpath upgrade has officially crossed the finish line (without tripping over any cracks!).

The refurbished footpath now provides a safer and more accessible pathway for residents and visitors, improving connectivity and making it easier for everyone to get from A to B—whether you're walking the dog, pushing a pram, or simply enjoying a stroll around town.

A huge thank you to local contractors Paul Kearney, Ivan Bilcich and their crews for their hard work and dedication in delivering the project to such a high standard. They've certainly put their best foot forward!

We'd also like to thank residents and road users for their patience throughout the construction period. The detours, dust and machinery are gone, and the smooth new footpath is here to stay.

Now all that's left to do is get out there and wear it in! Enjoy the new Gregory Street footpath!

Music in the Park

With some rain hanging around the June Music in the Park was moved to the Gascoyne Junction Pub & Tourist Park. Mick Mills and his guitar entertained the crowd with a range of covers and originals that made for a great afternoon sitting around the fire, catching up with friends new and old with a fantastic soundtrack. Thank you Mick for visiting the Junction.

The Music in the Park series is made possible thanks to a RAICP Arts Activities in Regional Communities grant through the Department of Creative Industries, Tourism & Sport and the Shire of Upper Gascoyne.

The next Music in the Park is being held on Saturday July 25 with Geoff Udy, a crowd favourite returning to the Junction.

Pink Stumps Day

In it's 10th year, Pink Stumps Day continues to be an important date on the Upper Gascoyne calendar. With 28 players and a lively crowd, an afternoon of cricket was played on June 20 on the Gascoyne Junction Town Oval. The annual event coordinated by the Gascoyne Junction Remote Community School raises funds for the McGrath Foundation. Team Mick and Blanche were victorious on the day over Team Brendo. Side competitions for Best Dressed and Classic Catches were also well participated in. Thank you to all who attended and purchased Beef and Gravy Rolls, Merchandise and Raffle Tickets. and for those who couldn't make it on the day and donated online. The final amount raised has not been finalised but will be shared on the school facebook page soon.

Showcasing the Upper Gascoyne

Throughout the month of June, we have been showcasing the Shire to travel journalists and staff from the Gascoyne Junction & Carnarvon Visitor Information Centres. The participants experienced hospitality at the Gascoyne Junction Pub & Tourist Park and Mt Augustus Tourist Park, and got to experience the trails on offer at both Kennedy Range & Mount Augustus National Parks. Also driving over our road network enables these key partners to share confidently what our visitors will experience when driving on our road network. This is the third year we have run this program and it continues to be an important part of professional development for both Information Centres. First hand experiences are vital when engaging with visitors providing confidence and authenticity to conversations. With two thirds of our visitors stopping in Carnarvon before entering the Upper Gascoyne the Carnarvon Visitor Centre are an important partner in educating visitors on our beautiful home. Also, look out for an article in Great Walks Magazine in August.

Introducing AusAlert™

and the AusAlert national test

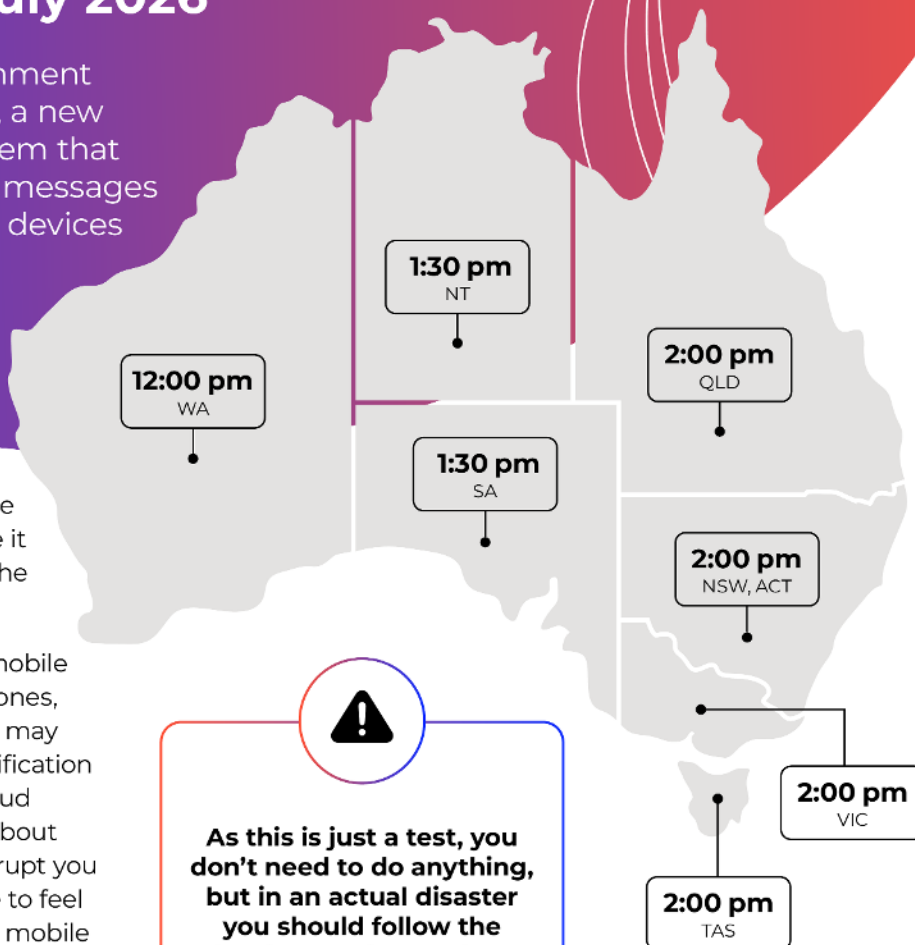

Monday 27 July 2026

The Australian Government is launching AusAlert, a new national warning system that can send emergency messages to compatible mobile devices in times of disaster.

AusAlert will be ready to use in October 2026, but before it launches, we need to test the system across Australia.

On **Monday 27 July**, your mobile devices, such as mobile phones, tablets and smart watches, may receive a test alert. The notification will vibrate and include a loud siren-like sound that lasts about 10 seconds. If this could disrupt you or cause you or a loved one to feel unsafe, please turn off your mobile devices or switch them to aeroplane mode before the scheduled test time in your location, and leave them off for at least one hour.

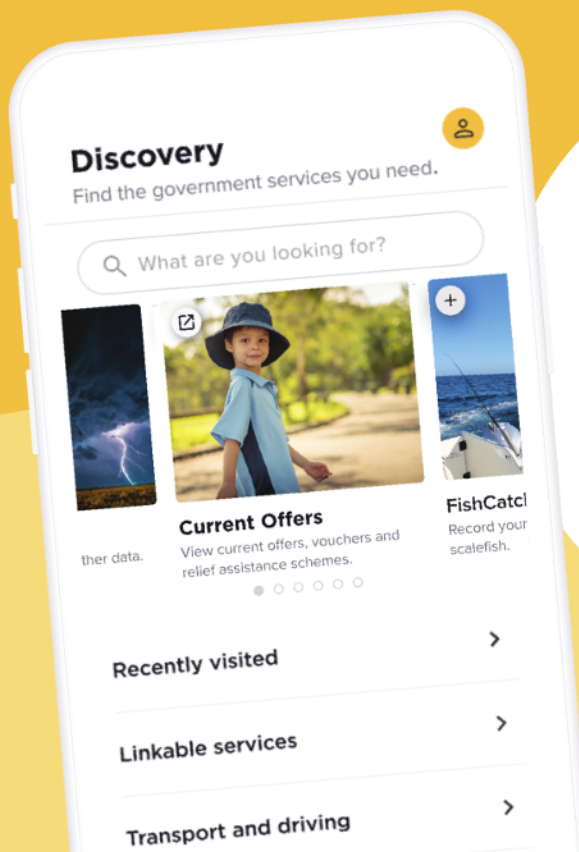

As this is just a test, you don't need to do anything, but in an actual disaster you should follow the alert instructions to keep yourself and others safe.

For more information, visit ausalert.gov.au

The ServiceWA app is a free, secure, and fast way to access WA Government services.

Download the latest version of the app and **log in** using your **Digital ID (myID)** to see all the features and offers available.

For more information, scan the QR Code or visit **wa.gov.au/servicewaapp**

ServiceWA app: Fuel Support Payment

About the offer

From **1 July 2026**, the Fuel Support Payment will be available via the ServiceWA app.

The Fuel Support Payment is a cost-of-living measure to help Western Australians with fuel costs.

The one-off \$100 payment will help with fuel costs and can be used however you choose, including donating it to a charity directly through the ServiceWA app.

Eligibility and who can claim the Fuel Support Payment?

The payment is available to motorists with a valid Western Australian driver's licence, including learner's permits, provisional and extraordinary driver's licences.

How to claim

- The fastest and most convenient way to claim the Fuel Support Payment is through the ServiceWA app.
- Once claims open on 1 July 2026, select Fuel Support Payment from Offers in Discovery, log in with your Digital ID and fill in the form with your licence details.
- Alternative claim options will also be available for people who are unable or do not wish to use the app. Forms are being sent to the Gascoyne Junction Community Resource Centre. More details will be provided once these forms have received.
- If you haven't already, you can set up your ServiceWA app now, so you can log in with your Digital ID and be ready to claim the payment when it opens. Enable push notifications in the app to be notified as soon as claims become available.

Individual appointments are available through the Gascoyne Junction CRC to assist with setting up your ServiceWA App.

**Call 08 9943 0988 or

NEW RECOVERY GRANT FOR PRIMARY PRODUCERS IMPACTED BY SEVERE TROPICAL CYCLONE NARELLE ANNOUNCED

CYCLONE NARELLE ASSISTANCE PRIMARY PRODUCER RECOVERY GRANTS

The Disaster Recovery Assistance Program for Primary Producers, which is jointly funded by the Albanese and Cook Governments through the Disaster Recovery Funding Arrangements (DRFA), has made available a grant of up to \$40,000 for each impacted local primary producer to help cover the costs of eligible clean-up and reinstatement activities directly resulting from the cyclone.

Up to \$5.8 million will be made available in grants for eligible primary producers in the shires of Exmouth, Carnarvon, Shark Bay, Ashburton and Upper Gascoyne.

It is in addition to support already announced for eligible primary producers, which includes a subsidy of up to 50 per cent to help cover the costs that are a direct result of the disaster for transporting fodder or water for livestock or equipment to repair damaged buildings or fences, as well as an interest rate subsidy on new loans taken out to repair damaged assets or business carry on costs.

These grants are designed to assist primary producers with the costs of clean-up, reinstatement and recovery activities resulting from the event.

Category B Primary Producer Recovery Grant

Provides reimbursement funding of up to \$10,000.

Supports immediate recovery and clean-up activities.

Category D Primary Producer Recovery Grant

Provides reimbursement funding of up to \$40,000.

Includes an initial payment of up to \$5,000 to assist with urgent recovery activities, with a further amount of up to \$35,000 available upon submission of the required supporting documentation.

Supports clean-up and reinstatement activities to help businesses return to normal operations

Eligible activities and costs for both programs are outlined in the relevant program guidelines and are assessed on a case-by-case basis against the eligibility requirements.

Further information, including the program guidelines, eligibility requirements and application forms, can be accessed via the DPIRD SmartyGrants portal: <https://dpiird.smartygrants.com.au/>

EVERY ANSWER MATTERS

Your guide to the Census

Census

SAVE THE DATE | TUESDAY 11 AUGUST 2026

What is the Census?

Every five years, the Census counts every person and household in Australia.

It helps us understand how Australia is changing, and what we need now and in the future. It asks questions about your age, ancestry, what languages you speak and what you do for work.

If you know where you'll be on Census night, you can fill out the Census as soon as you get your instructions.

Your answers are private and protected by law.

We need to hear from everyone, because every answer matters.

You can complete the Census:

Online

Most households will get instructions when it's time to complete the Census.

1. Visit census.abs.gov.au
2. Enter your Census number and password
3. Complete the Census and submit

If you don't get instructions, you can request a Census number at census.abs.gov.au

Paper form

If you would prefer a paper form, you can request one from us.

1. Visit census.abs.gov.au/help or call our 24-hour automated paper form request service on 1800 130 250
2. Complete your paper form
3. Return to the ABS in the Reply Paid envelope provided

Visit from Census staff

Some people in remote areas, and people experiencing homelessness, will be visited by Census staff.

You need to complete the Census wherever you are staying on Census night.

Information and support will be available to help you complete the Census in your preferred way.

In-person help

We'll be offering Pop-up Hubs in public places, fill in the form sessions and information sessions. Find out more at census.abs.gov.au/find-us

**WE'RE HERE
TO HELP**

Census

Why every answer matters in the 2026 Census

Tuesday 11 August

Across Australia, individuals and households answer questions in the Census about where they are on Tuesday 11 August 2026.

We create a snapshot of the population. The data is protected by law, which means no one can identify you.

Organisations use the data to plan services, such as schools, hospitals, roads and public transport.

Healthcare can reach vulnerable communities

Housing questions show where people are sleeping rough, so mobile healthcare can reach them.

Street Side Medics

Young men can access mental health services

Data on age, gender and long-term health conditions shows where support is needed.

The Man Cave

Sport is accessible for more people

Information on disability and location helps plan inclusive programs for the future.

AFL Barwon

Building resilience in regional and rural communities

Data on local economies helps shape what support is provided, and where.

Australian Business Volunteers

BLAST FROM THE PAST

THIS SEGMENT OF THE GOSSIP EXPLORES PAST ARTICLES ON NEWS AND EVENTS IN THE UPPER GASCOYNE.

Gascoyne Reaches Sea at Carnarvon

Rapid Rise Poses Threat to Township

The Gascoyne River surged through Carnarvon yesterday, flowing strongly towards the sea and raising concerns for residents and local industries as floodwaters continued to rise. The fast-moving water carried large amounts of mud and debris and was soon running from bank to bank.

Crowds gathered near river crossings to watch the approaching floodwaters, with some residents even catching freshwater mullet that had been swept downstream by the current. At some locations the river stretched more than half a mile wide, while preparations were made in Carnarvon for a possible breakthrough of floodwaters into vulnerable areas.

Further upstream, Gascoyne Junction experienced flooding, with water entering the local hotel. At Minnie Creek Station, the homestead was evacuated as a precaution. Although river levels had begun to drop in some areas, concerns remained due to additional heavy rainfall recorded further east.

In Carnarvon, pumping equipment and water infrastructure were moved to safety, while a crossing linking plantation areas was washed away within minutes. The flooding threatened significant losses to the region's banana industry and left several roads impassable. Babbage Island was cut off, isolating the whaling station.

Heavy rainfall also caused the Ashburton River to overflow in several locations, with residents reporting some of the highest river levels seen in more than a decade. Homesteads near the river were affected as floodwaters spread for miles across surrounding country.

Transport disruptions were felt across the State, with rail services affected by washaways and reports of missing truck drivers in the Southern Cross district prompting search efforts. Meanwhile, reservoir levels in Perth's water supply system received a welcome boost from the widespread rain.

The widespread flooding highlighted both the power of the Gascoyne River and the challenges faced by remote communities during major weather events, with residents across the region closely monitoring river levels and rainfall conditions.

The West Australian Newspaper, 1951

SAY G'DAY TO....

Full Name: Lori Beatty

Nickname: Loz

Place of Birth: Perth

G'DAY!

Favourite Food: Indian

Favourite Animal: Our Lakeland Terrier Gemima & Meerkats

Favourite Movie: The Wedding Singer **Footy Team:** Don't really follow the footy.

Favourite Band: More of a classical music gal, but 80's music is amazing.

Where did you grow up? Doubleview, Perth

What is on your Bucket List? Seeing the Northern lights overnight in an igloo.

Hobbies: In Perth: wellness, yoga, massages, coffees and dinners with friends.

Why did you move to the Upper Gascoyne? to teach at Gascoyne Junction School

How long have you lived in the Upper Gascoyne? 5 months

What do I love most about the Upper Gascoyne? The stars at night! Breathtaking

What services or events would you like to see in the Upper Gascoyne? A shop that sells fresh fruit & veg and a hairdresser.

G'DAY!

Full Name: Howard Beatty

Nickname: Howie

Place of Birth: Hammersmith, UK

Favourite Food: Indian or Italian

Favourite Animal: Dogs

Favourite Movie: Shawshank Redemption

Footy Team: Fremantle Dockers

Where did you grow up: Perth

What is on your Bucket List? Travel Italy

Hobbies: Cooking and Golf

Favourite Band: INXS

Why did you move to the Upper Gascoyne? Dragged up here by wife (kicking and screaming)

How long have you lived in the Upper Gascoyne? 5 months

What do you love most about the Upper Gascoyne? The roads out and stars at night.

What services or events would you like to see in the Upper Gascoyne? Fly Eradication

Gascoyne Junction Remote Community School

NEWSLETTER

June 2026

PRINCIPAL'S POST

Hello to parents, families, and the school community.

It has been another busy and exciting few weeks at Gascoyne Junction Remote Community School.

Our students enjoyed a **Do It For Dolly Day** morning tea, raising awareness of bullying and supporting positive mental health for young people. Thank you to everyone who attended and donated.

We were fortunate to have **Chloe from the Stephen Michael Foundation** visit our school again to work with students on their sporting skills. The students always look forward to Chloe's visits and enjoy learning new skills while staying active.

On **20 June**, we held our **10th Annual Pink Stumps Day** in support of the McGrath Foundation. We are still finalising the fundraising total, but we would like to thank **everyone** who supported the event. It was fantastic to see members of the **Burringurrah school community**, and the **local police** join us for the day.

Finally, a very special thank you goes to **Blanche** for giving up her time to help organise the event. Your hard work, dedication and willingness to help ensured the day ran smoothly. You are an absolute star, and we are incredibly grateful for everything you have done for our school and community.

Amanda Grayson - Principal

Colin came back to school this week, so we managed to put his handprints on our yarnning circle AND finish off our "Brown Bear Brown Bear What Do You See" book study!

Practicing balancing skills on our obstacle course.

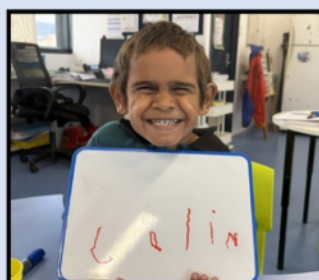

Chloe from Stephen Michael also had a go, with Colin giving her a helping hand! 😊

Harley and Colin enjoying learning with the VR glasses.

Playing tennis with Harley- Colin's got the moves 😊

Learning about our bodies in Health.

Great job writing your name, Colin!! Look at that smile! ❤️

Avocado smash bruschetta

Ingredients

Avocado, peeled, stone removed - 600g
Olive oil - 50mL
Lemon juice - 80mL
Black pepper, ground - to taste
Paprika, ground - ½ teaspoon
Basil, finely chopped (optional) - 1 cup
Sourdough bread stick, sliced - 1 breadstick
Tomatoes, sliced - 4

Method

1. Preheat grill to high.
2. In a bowl, gently mash the avocado with a fork to a chunky consistency.
3. Add the olive oil, lemon juice, pepper, and paprika to the mashed avocado and mix well.
4. Add some of the basil (reserving some for garnish) and gently combine (optional).
5. Toast bread slices under the grill for 15 to 20 seconds each side, until lightly golden.
6. Place 2 slices of tomato on each piece of bread, and top with avocado.
7. Serve each slice with a sprinkle of black pepper.

Do It For Dolly Day

Morning Tea and Fundraiser

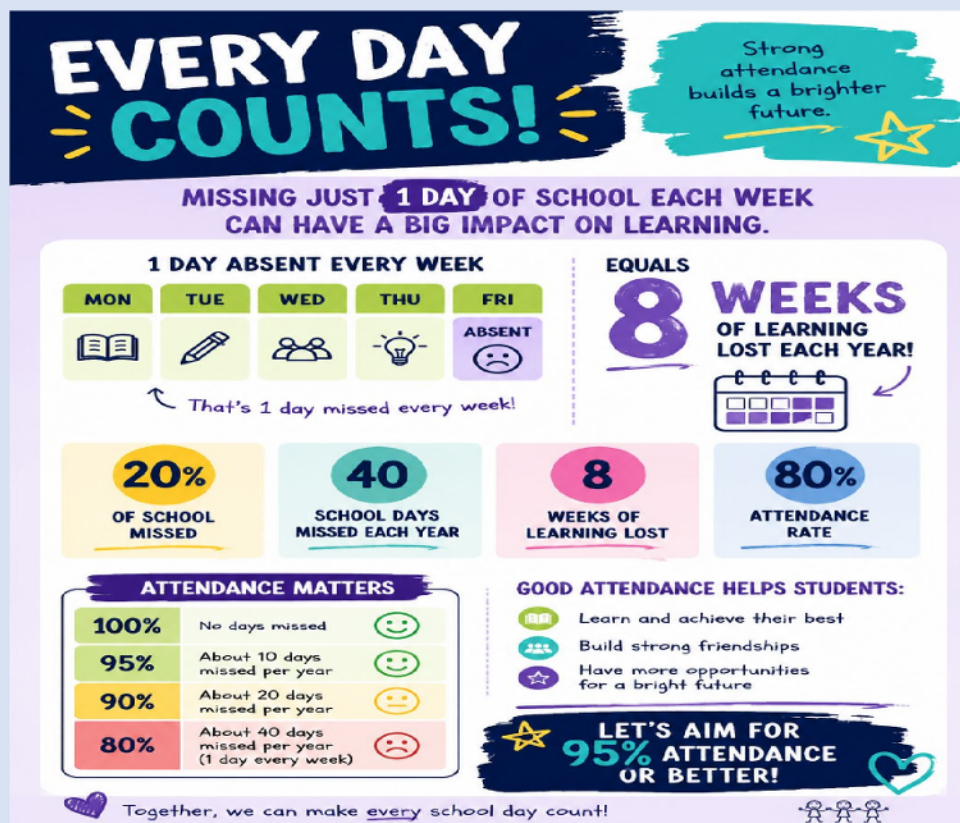

We would like to sincerely thank our wonderful community for supporting our Do It For Dolly Day morning tea and fundraiser.

The day was a great opportunity to come together, raise awareness about bullying, and promote positive mental health and wellbeing for young people. Thanks to the generosity of our community members, families, and friends, we raised over \$300 for the Do It For Dolly Foundation.

We are incredibly grateful for everyone's support, donations, and attendance. Your contribution helps spread Dolly's message of kindness, respect, and looking out for one another. Together, we can continue to create a caring and supportive community for all young people.

Thank you for helping make the day such a success.

Coming Events

30/06/26	Stephen Michael Foundation Visit
03/07/26	Last Day of Term 2

21/07/26	Students return for Term 3
28/07/26	Stephen Michael Visit

MALENY BLACK ANGUS BEEF

Slow Cooked

beef stroganoff

Method

1. Place Maleny Black Angus Diced Beef and paprika in a large bowl. Season and toss to coat.
2. Heat oil in a large, deep, non-stick frying pan over medium-high heat. Cook beef in 2 batches, for 5-7 minutes, turning occasionally, or until browned gently.
3. Transfer to your slow-cooker.
4. Add onion, garlic, Maleny Black Angus Grass-Fed Beef Bone Broth, wine, sauce, mustard and remaining paprika to the pan and bring to the boil over high heat.
5. Add to slow-cooker, stirring to combine.
6. Cook covered, on low for 8 hours (or on high for 4 hours) or until beef is very tender.
7. Transfer cooked and tender Maleny Black Angus diced beef to a heatproof bowl. Using 2 forks, coarsely shred beef.
8. Return shredded beef to sauce, then add mushrooms. Stir to combine.
9. Cook, uncovered, on high for a further 15 minutes or until sauce has thickened slightly and mushrooms are cooked.
10. Cook pasta in a large saucepan of boiling water according to packet instructions. Drain.
11. Add pasta and half the parsley to the stroganoff, stirring to combine.
12. Divide among plates.
13. Serve topped with sour cream and remaining parsley.

Recipe Notes:

- If you don't have any Maleny Black Angus Diced Beef handy, you can use an equivalent weight of any Maleny Black Angus Beef Steaks, chopped in roughly 4cm pieces.
- As an alternative to pasta, you might prefer to serve your stroganoff on a bed of mashed potatoes.
- If you don't have a slow-cooker you could use a large pot on low heat on your stove and cover with a lid.

www.malenyblackangusbeef.com.au

- 750g Maleny Black Angus Diced Beef
- 2 tbsp sweet paprika
- 2 tbsp extra virgin olive oil
- 2 small brown onions, halved, thinly sliced
- 3 cloves garlic, crushed
- 2 cups Maleny Black Angus Grass-Fed Beef Bone Broth
- 1/4 cup red wine
- 1/4 cup Worcestershire sauce
- 2 tbsp wholegrain mustard
- 200g Swiss brown mushrooms
- 500g dried pappardelle
- 1/3 cup continental parsley leaves, coarsely chopped
- 1/2 cup sour cream

Serves: 6 people

Prep Time: 25 minutes

Cooking Time: 8 hours 30 minutes

HEALTHY TREAT!

HUMMUS

Hummus is easy to make if you've a small blender or food processor, for half the price of shop bought and you don't need any special ingredients. If you don't have tahini, substitute smooth peanut butter and most people won't notice.

Ingredients for classic hummus:

- 1 tin chickpeas (240g drained)
- 2 Tbs lemon juice (bottled is OK)
- 1 small/medium crushed clove of garlic or 1/2 tsp garlic granules
- 2 Tbs tahini or other smooth nut butter, e.g. peanut butter
- Salt - ¼ tsp or to taste,
- 1 Tbs extra virgin olive oil (optional)

Ideas for flavourings

- Smoked paprika (½-1 tsp only)
- Cooked beetroot
- Roasted vegetables, sweet potato or peppers

1. Drain the chickpeas, saving the liquid, and put chickpeas in the blender.

2. Add in any other flavourings, lemon juice, garlic, olive oil and salt, and blend.
3. Add back some of the liquid from the tin, bit by bit whilst blending. You need enough liquid to be able to blend the chickpeas to a paste without being too runny
4. Taste, adjust seasonings & lemon juice, and add more liquid if required so that you get a fairly smooth paste.
5. Add in tahini or nut butter and blend – this will thicken it, so add it at the end.

CHIROPRACTIC LIFE — DESK STRETCHES

- Take 2 deeps breaths before starting

July Stargazing

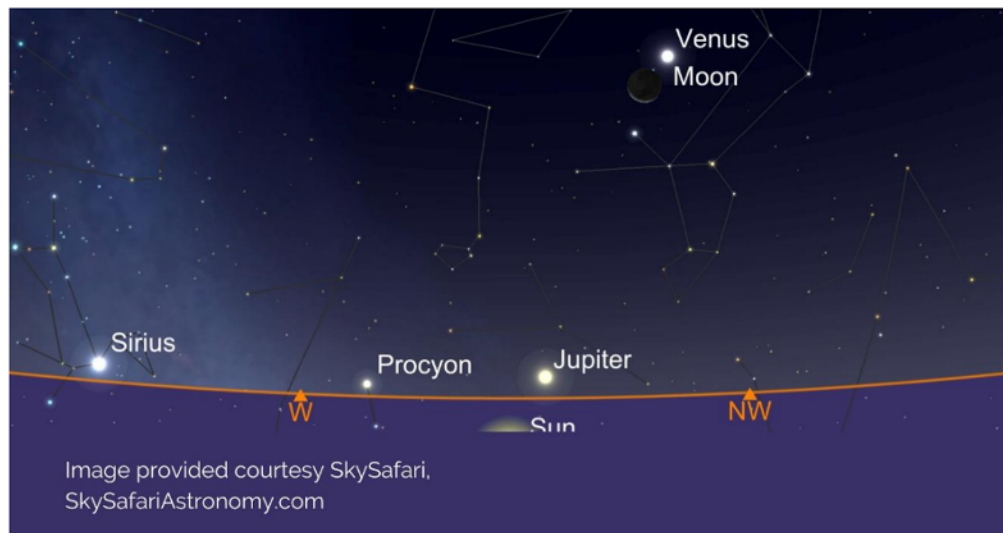

Dark Sky Stargazing Trails

Hit the Milky Way Highway – it's the highway with a million stars and a spectacular view across our home galaxy. Astrotourism Towns have just been launched as a Dark Sky Stargazing Network on the new Trails WA app, www.trailswa.com.au.

Trails WA is a not-for-profit association formed in 2012 to connect people to WA's trail experiences and to inspire safe and sustainable exploration, wellbeing and connection to nature, culture and community.

When you download the app, you'll discover official trails, be able to save favourites, access offline maps and discover stories about WA's culture, nature, geology and night skies. The network of stargazing drive trails connects Astrotourism Towns, observing sites and astrophotography locations across WA and in your community.

Venus and the Crescent Moon

Dazzled by the Moon and Venus at 6pm on 17th June. Image provided by SkySafari, a Simulation Curriculum Company, All rights reserved www.simulationcurriculum.com.

The evenings have been dazzling lately with the Moon, Venus, Jupiter and Mercury. Another spectacular night coming up is on 17th July. The Moon and Venus will make a stunning duo. This is one to see with family, friends and a hot chocolate in hand.

When and where to look:

Start watching after sunset from 6:00pm, 17th July.

For more what's up in the night sky, visit www.astrotourismwa.com.au. Happy stargazing!

SMOKO TIME

Riddle 1

There is a word in the English language in which the first two letters signify a male, the first three letters signify a female, the first four signify a great man, and the whole word, a great woman. What is the word?

Riddle 2

A woman shoots her husband. Then, she holds him underwater for over 5 minutes. Finally, she hangs him. But 5 minutes later, they both go out together and enjoy a wonderful dinner together. How can this be?

Riddle 3

I can't be bought, but I can be stolen with a glance. I'm worthless to one but priceless to two. What am I?

Riddle 1 Answer: Heroine

Riddle 2 Answer: The woman was a photographer. She shot a picture of her husband, developed it and hung it up to dry.

Riddle 3 Answer: Love
